

# Hi-Rail Duel View Wacker Neuson Dumper

## **Wacker Neuson DV90 Dual View Hi-Rail Dumper**

### **THE SAFEST HI-RAIL DUMPER DRIVING FORWARD IN REVERSE**

The new Wacker Neuson DV90 is now hi-rail ready waiting for your order. Be the leader in safety and put your first Wacker Neuson hi-rail dual view site dumper on the rail today.

#### **Redefined safety: Everything in sight**

The DV90 Dual View sets new standards in terms of operator and construction site safety, flexibility and economic efficiency. The dual view concept allows a comfortable and quick change of the seat position through a 180° turn of the entire operating and seat console. In this way, the operator always has perfect vision in the direction of travel – during transportation, loading and unloading. The rotation can be performed conveniently from the driver's seat by simply unlocking the seat console and turning it around.

The Hi-Rail Dual View Site Dumper meets all the below requirements

- AS 7502-2016 Road Rail Vehicles
- AS 3990-1993 Mechanical Equipment – Steelwork
- AS/NZS 1554.1 – 2004 Welding of Steel Structures
- Occupational Health and Safety Regulations 2017, Victoria
